

REMARKS

The Office Action mailed on July 24, 2006 indicated that claims 1-5 are allowed, but rejected claims 6 and 8-36 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-15 of U.S. Patent No. 7,085,838. Applicants respectfully thank the Examiner for the indication of allowability of claims 1-5 at paragraph 3 of the Office Action.

The present application is the parent of U.S. Patent No. No. 7,085,838 (the '838 Patent). The assignee of the '838 Patent (SBC Knowledge Ventures of Reno, Nevada) is also the owner of the entire right, title and interest of the present application. In the interest of advancing the present application to issuance, with this response Applicants submit a Terminal Disclaimer.

With this response, all of the pending claims, claims 1-6 and 8-36, are in condition for allowance. Consideration and notice to that effect is respectfully requested. The Examiner is invited to contact the undersigned attorney at the telephone number listed below if such a call would in any way facilitate allowance of this application.

Applicants do not believe that any additional fees are due, but if the Commissioner believes additional fees are due, the Commissioner is hereby authorized to charge any fees, which may be required, or credit any overpayment, to Deposit Account Number 50-2469.

Respectfully submitted,
